The PIONEER STORE MONITOR

As Others See Us

Monitor and surrounding territory created what is believed to be a record in taking \$54,300 of Victory Bonds. Their Honor Flag is decorated with no less than fifty crests. We doff our hats to folks like that!

Compoer district took up 3,000 of the Victory Bond issue, winning an Honor Flag and two crests. Kirriemuir wins the flag and four crests by subscribing \$4,450. Their records are in startling contrast to Altario's which is not credited with a single dollar's worth of applications. We would not care to have a record like this fastened on our district.

—Lorena Borderline Budget.

CHURCH NOTICES

St. Laurence Church
Rev. W. S. WICKENDEN, R. A., L. T. PASTOR.
Divine Service (D. V.) Sunday next at 7:30 p.m. Music will include "Ten Thousand times ten thousand." The Rev. W. S. Wickenden will give another address on the Second Coming of our Lord Jesus Christ. Sunday School 12 noon.

We have a full supply of
**Building Paper
Tar Paper
and Wall Paper**

**Crockeryware and Table
Dishes**

**Shelf and Heavy Hardware
Furniture Farm Implements
Undertaking Supplies**

**Agent for SINGER
Sewing Machines**

W. H. OLSON
MONITOR CARE HANDWASH

Local Happenings

Readers will please note that in previous adverts appearing in this issue items Oregon Black caps should read as 2 for 75c and not as stated.

Mr. J. G. Matheson is the new manager of the Canadian Bank of Commerce at this point, replacing Mr. R. P. Thompson, transferred. Mr. Matheson is a returned soldier, having served in the 10th Battalion. He hails from Medicine Hat, Alberta, judging from first impressions. Mr. Matheson is going to make a lot of friends in this small town.

Mr. D. S. Waters, of Guelph, Ontario, is another addition to the staff at our Local Bank. Mr. Waters is also a returned soldier thus making the entire male staff of the bank returned men.

Both the above gentlemen are enjoying the state of beach clothing, but with their arrival here, coupled with the fact that next year is Leap Year, they may be in another state later on.

There will be an Xmas Tree Party in the Big Hall on Dec. 24th. Come and bring the children. The O.N.O. Girls.

The Ladies Aid of Monitor will meet at the Paragon on Wednesday next, the 17th Dec. All members please be present.

A. J. Deadmarsh paid a business trip to Edmonton last Monday, returning on Tuesday.

It was so cold in the school in the morning at the beginning of this week, that work had to be suspended, for the forenoon. Several of the pupils who lived in the country did not return all day.

Friends. Do you realize that there is just nine shopping days left to Xmas? Judging from the number of presents that have been chosen and laid away from our stock, most all of you are going to get a present this year. We still have a large variety to choose from in Brocade, Jewel Boxes, Fancy Bazar Sets, Silver Shaving Mugs, Fountain Pens, Hand-painted China, Ivory Toilet Sets, Good Perfumes, Pipes and Cigars, Solid Gold Brooches, Gold Neckties, Watcher, Ink Stands, Brush and Comb Sets, Xmas Decorations, Candles, Soles and Cards.

We cordially invite you to look them over.

Will one of our readers who has a copy of the song "There a Long Long Trail" kindly supply us with a copy of the words.

BORN—To Mr. and Mrs. C. R. Todd, of Loyalist, on December 9th, 1919 a daughter.

On Sunday Dec. 14th, Rev J. L. Wright will lead the worship in Monitor from 10 to 2 p.m. at St. Laurence Church, and in Kirriemuir at 7:30 p.m. Every welcome.

We would draw your attention to the big Sale Ferguson is putting on, starting with December 15th. Here is a chance for you to kill two birds with one stone, i.e., keep down the high cost of living, and take a swat at the mail order business. Every economical housewife should carefully peruse the items appearing in this advert.

Dec. 19th a social evening and Whist Drive in the Rest Room at 8 o'clock. Everybody welcome. Admission free.

ALERT ALTARIO

On a bright moon-light night a four-horse team and a sleigh full of merry makers singing songs new and old, jingled all the way to the Compoer Bazar on Friday last. The trip was one of the pleasantest we have enjoyed, altho it kept us busy looking after the editor and his ladies. When not engaged in shooting arrows, the ed. is firing off funny stories and riddles that provide lots of fun—usually against the dance scotch fowl or English Piquilly Johnnies. If any reader has anything on a yank, please let us know as we want to get squared up.

There was a splendid result of \$201.00 at the Compoer Bazar. The Ladies are to be congratulated. The chicken pigs were, as usual, far excellence and Rev. Amos as auctioneer and showman was an unequalled success.

This cold snap causes everyone to look anxiously at the news of coal strikes. It seems nothing short of criminal for men to plunge a people into discomfort and distress because of their economic disputes.

Like the man in Europe tables we cannot please everyone, but unlike him, we don't intend to try. An Altarian accuses us of being a "molt"—a square peg in a round hole. He complains there's nothing in the column and refuses to take the paper anymore. Sorry, but we can't help it. To fit in to a community composed of Jew and Gentile, Greek and Barbarian takes some doing and we are not exactly keen on prying off the angles of our mind to wedge into the narrow circle of small town life. Everyone cannot be born in Eastern Canada where wisdom is justified by her children. It was our fate to first see the light in the Highlands of Bonnie Scotland and we cannot get rid of the viewpoint that a lifetime of experience in Europe gives.

If our residence in Altario is objectionable because we like to say out straight what we think on local affairs, we must be endured, for we can't be cured. We are in the sore and yellow lent time of our life, and one can't teach old dogs new tricks. Unpopularity is the price to be paid for refusing to nod like a Chinese mandarin to everything everyone says. If our news do not please you there's always the Arrow to read, where you will find the goings and coming of the elite of society outside of whose pale the newsmen remains. Perhaps doctors of today will investigate this anthropic microbe and find the vaccine which, when inoculated will produce a spirit of brotherly love and toleration for the views of even Old Country folks in our midst.

We shall be glad if Editor Warner will inform his contributor, Mr. V. Y. Bond that continued next column.

'KIRRIEMUIR KOLUM'

Kirriemuir friends wish Mr. and Mrs. James McKensie a long and happy married life!

Frank Palmer left Kirrie for England on December 5th to spend the winter with his parents. Bon Voyage, Frank.

Mr. MacFarlane, C. P. R. auditor, was in town on Dec. 4th.

Harry Williamson arrived from the East on the 6th.

A few of the young people had a little hop in the town hall on Friday evening.

The Spooner Bros. shipped a carload of cattle to Winnipeg on Friday. Charley went with the car. He may take the car right through to Minneapolis.

Congratulations to Mr. and Mrs. Rice who united in the Bonds of Holy Matrimony in the East. The Rice travelled all the from England and Harry met her in Montreal. They arrived in town on Dec. 6th.

Mrs. Stewart is reported much better this week.

Mrs. Kay left for Drinkwater, Sask. on Dec. 8th to visit friends.

Mrs. R. W. Fish will entertain the Ladies of Kirrie on Thursday December 11th for the purpose of completing the socks for the Xmas tree. Everyone bring their thimbles.

An entertainment and Xmas tree will be held in the Schoolhouse on Monday evening December 22nd. Everybody welcome.

Selmar Likness of Monitor, is spending a few days with his brother Martin, here.

J. W. Howard is leaving today to join his son in Cherokee Iowa. Mr. Howard has severed all his interest in Kirriemuir having sold his hotel and Livery. Kirrie friends are sorry to see Mr. Howard go. He was one of the pioneers of this place. He takes with him the best wishes for prosperity in his new home.

The Kirriemuir Union Church Board will meet at the home of Mrs. M. E. Ross on Friday December 12th at 8 p.m.

"PSYCHE"

The Annual Meeting of the Stouelaw Local No. 605 U.F.A. will be held on Friday, Dec. 19, at the Minor School.

Topics of interest will be discussed also the election of officers for the ensuing year will take place and the nomination of delegates for the Annual U.F.A. Convention at Calgary.

Meeting opens at 8:30 p.m. Every body Welcome.

There is no need to grow hysterical over Altario Bonds, as we understand at the 11th hour nearly 3000 were subscribed for here. We trust this will terminate the uselessly ridicule on the part of the Monitor News.

Our local stores are looking like Xmas and it is hoped that their adverts may bear fruit and everyone here will do business at Santa Claus Time.

Cleanses the Blood, Builds Up Strength, Improves Complexion

As a result of debility, sickness or improper diet, the blood often becomes weak and unable to free itself of poisons.

Morbid, unhealthy matter accumulates, and breaks out in sores that discharge and will not heal.

Washes, salves and ointments are useless because they have no action on the poisoned blood.

But Dr. Hamilton's Pills cleanse and enrich the diseased blood, drive out impurities and fill it with nutrient and strong building material.

Ulcers, boils and sores heal up. Likewise all weakness due to impoverished blood is cured by these famous pills, and anaemia, erysipelas and rheumatism go before it as chaff before fire.

The skin grows smooth, complexion clears, health, vigor and strength are evident of all sides.

A blood remedy for blood diseases, the formula of a famous physician—no improvement can be made on Dr. Hamilton's Pills.

Their use extends to the people of many nations, and thousands have proved that they do cure when all else fails.

No matter what your ailment may be, if it has its origin in the blood it is curable with Dr. Hamilton's Pills. Sold everywhere—25c a box.

Farm Boys Make Record In War

Tillage Makes Good Soldiers and
Helps the Commonwealth

It has long been known that the rural class furnishes some of the best material for armies. The British yeomanry were the bulwark of the Empire. Our own armies have always been largely composed of farmer boys. We pitted our country boys against the Kaiser's best in the recent war, and it isn't recorded that the professional soldiers of Europe won any honors to boast of. In one of his papers written over a century ago, John Adams quotes the following paragraph from Harrington, one of the political writers of the day:

"Tillage, bringing up a good soldiery, brings up a good commonwealth; for, when the owner of the plow comes to have the sword, too, he will use it in defence of his own. When it has happened that the people of England, in proportion to their property, have always been free and the genius of this nation has ever had some resemblance with that of ancient Italy, which was wholly addicted to commonwealths, and when Rome came to make the greatest account of her rustic tribes, and to call her consuls from the plow. For in the way of parliaments, which was the government of this realm, men of country lives have been entrusted with the greatest affairs."

Husbandry or the country way of life, though of a grosser spinning, is the best stuff of a commonwealth, according to Aristotle, such a one being the most obstinate, assertive of her liberty and least subject to innovation or turbulence."

An Automatic Pilot

Insulated Wire Acts as Guide for
Vessels Provided With Proper
Electrical Apparatus

Accurate, automatic guidance of vessels through any and all weather conditions into the safe anchorage of a harbor would unquestionably be an improvement in ocean navigation, and the change is promised by an invention described the other day by the president of the British Association.

Germany is credited with the initial work, designed to provide a means for guiding her submarines through mine fields, and British inventors are said to have made it practicable for surface vessels in times of peace. To put it briefly, an insulated wire laid on the bottom of the sea acts as a guide for vessels provided with proper electrical apparatus, so that the path indicated by the wire can be followed in the dark, and the vessel come into port almost as if she traveled by day.

Young man, beware of the girl ed possible to provide such guidance continuously for 50 miles makes the invention immediately practicable for harbor entrances; and the cost is so definitely a form of insurance against loss of ship and cargo that the idea will hardly be allowed to wait long for adoption.

Shah of Persia Surprised London

When his Imperial Majesty the Shah of Persia arrived in London from Dover after crossing the Channel on the royal yacht Alexandra he sprang a surprise on his English hosts.

Photographs from Paris of a plump young man in subdued western clothes had scarcely prepared London for the vision which awaited it. The Shah had discarded tailcoats and bowlers and wore a black astrakhan cap with a white aigrette in the centre, fixed with a magnificent brooch with a huge diamond in a circle of white pearls. His uniform was of dark blue serge with bright red facings and gold buttons and epaulettes. He also wore spurs and white cotton gloves.

Alberta Farmers' Stock for Chicago

Farmers from the Chauvin district chartered a special train, loaded their own stock, and took it through to Chicago. Seven of the cars were loaded at Ribstone, and others at Arild and Chauvin. This is the first farmers' own shipment of such magnitude from Alberta. It is expected that 100 cars of cattle from this district will be placed on the market this fall.

Use of Vegetables at This Season
Ensures Good Health

The family that has exercised forethought in the growing of vegetables for winter storage is not only ahead in dollars and cents but to a very considerable degree ensures the well-being of the family. By a little special effort many who have not been in a position to grow a garden may secure for themselves these same advantages.

It is not likely that the family will introduce vegetables into the diet to a desirable extent during the winter months unless those products are readily accessible and at a nominal first cost, largely for the reason that it is not generally recognized that this type of food plays a particular part in the diet, a part not supplied by cereals, fats, meats and sweets.

While all vegetables are valuable for their supply of mineral salts, of these easily obtainable for storage, cabbage and carrots take the lead. For certain health-protecting properties now spoken of as "vitamines," cabbage takes precedence. All are valuable and better than medicine for their laxative properties if used in abundance. And of this one can be assured that there is no danger of excessive use.

Specific directions regarding satisfactory methods of winter storage are easily obtainable.

Prices in Germany

The representative of a foreign woolen firm travelling in Germany writes that the demand for cloth is enormous. The mark has fallen so low that it means the Germans must pay nearly four times as much for their foreign goods, but if the money trouble can be adjusted, huge quantities of material can be sold in Germany. The French supplied the first demand, at greatly inflated prices, but that era is passed, and although the people are wearing paper clothes or anything they can get, they will not buy except at reasonable prices.

Mining and Lumber Districts Busy

Considerable activity prevails in many of the towns on the Crow's Nest line of the Canadian Pacific Railway. Their principal industries—coal and timber—are very busy and providing employment for a very large number of men. The two towns of Coleman and Blairmore now have a weekly payroll of between \$80,000 and \$100,000, says a correspondent of the Herald of Lethbridge, Alberta.

Not Encouraging
Male Immigration

Salvation Army Officer Declares
Organization Awaits Soldier
Re-establishment

Col. Charles A. Taylor, of the Salvation Army immigration department, in an interview at Toronto, said: "It is not for us to encourage any male immigration until all the soldiers are re-established." Canada's first business, he added, was to look after her returned men.

With reference to the Salvation Army's immigration policy, Col. Taylor said: "It will be our policy to encourage men who are agricultural laborers or those who are prepared to do work on the farms. But it will depend entirely upon the demand that there is for such workers. The wives of the immigrants will be sent for after the husbands have been established. We shall endeavor to send to Canada the best class of people."

Col. Taylor said he was glad that the Canadian government had authorized the committee of the Council of Women, but he did not know the relation which the Salvation Army would have to it. During the war the Salvation Army had kept its immigration machinery intact. The Army was willing to co-operate, provided that it was permitted to work in its own way.

The representative of a foreign woolen firm travelling in Germany writes that the demand for cloth is enormous. The mark has fallen so low that it means the Germans must pay nearly four times as much for their foreign goods, but if the money trouble can be adjusted, huge quantities of material can be sold in Germany. The French supplied the first demand, at greatly inflated prices, but that era is passed, and although the people are wearing paper clothes or anything they can get, they will not buy except at reasonable prices.

Mining and Lumber Districts Busy

Considerable activity prevails in many of the towns on the Crow's Nest line of the Canadian Pacific Railway. Their principal industries—coal and timber—are very busy and providing employment for a very large number of men. The two towns of Coleman and Blairmore now have a weekly payroll of between \$80,000 and \$100,000, says a correspondent of the Herald of Lethbridge, Alberta.

Not Encouraging
Male Immigration

Salvation Army Officer Declares
Organization Awaits Soldier
Re-establishment

Col. Charles A. Taylor, of the Salvation Army immigration department, in an interview at Toronto, said: "It is not for us to encourage any male immigration until all the soldiers are re-established." Canada's first business, he added, was to look after her returned men.

With reference to the Salvation Army's immigration policy, Col. Taylor said: "It will be our policy to encourage men who are agricultural laborers or those who are prepared to do work on the farms. But it will depend entirely upon the demand that there is for such workers. The wives of the immigrants will be sent for after the husbands have been established. We shall endeavor to send to Canada the best class of people."

Col. Taylor said he was glad that the Canadian government had authorized the committee of the Council of Women, but he did not know the relation which the Salvation Army would have to it. During the war the Salvation Army had kept its immigration machinery intact. The Army was willing to co-operate, provided that it was permitted to work in its own way.

Vegetables in Winter

Use of Vegetables at This Season
Ensures Good Health

The family that has exercised forethought in the growing of vegetables for winter storage is not only ahead in dollars and cents but to a very considerable degree ensures the well-being of the family. By a little special effort many who have not been in a position to grow a garden may secure for themselves these same advantages.

It is not likely that the family will introduce vegetables into the diet to a desirable extent during the winter months unless those products are readily accessible and at a nominal first cost, largely for the reason that it is not generally recognized that this type of food plays a particular part in the diet, a part not supplied by cereals, fats, meats and sweets.

While all vegetables are valuable for their supply of mineral salts, of these easily obtainable for storage, cabbage and carrots take the lead. For certain health-protecting properties now spoken of as "vitamines," cabbage takes precedence. All are valuable and better than medicine for their laxative properties if used in abundance. And of this one can be assured that there is no danger of excessive use.

Specific directions regarding satisfactory methods of winter storage are easily obtainable.

Prices in Germany

The representative of a foreign woolen firm travelling in Germany writes that the demand for cloth is enormous. The mark has fallen so low that it means the Germans must pay nearly four times as much for their foreign goods, but if the money trouble can be adjusted, huge quantities of material can be sold in Germany. The French supplied the first demand, at greatly inflated prices, but that era is passed, and although the people are wearing paper clothes or anything they can get, they will not buy except at reasonable prices.

Monitor FRIDAY DECEMBER 12 1919 Alberta

Co-operation Necessary for 1920

"The old order changeth, yielding place to new," is a quotation that all should bear in mind at this season of the year when resolutions are made for the coming 1920. Many changes are not only needed in Monitor, but are really necessary. The spirit of co-operation, so long dormant in our midst must be revived if we are to retain our place as the leading village of the Province. Religious differences must be forgotten—One Church, One God. The hatchet must be buried between the various organizations, such as the G. W. V. A.; The Band, The O. N. O. Club, etc., and one and all work for the benefit of the community. Above all, we must remember that we have merchants in our midst that are here to wait on us and supply our needs. The mail-order houses, are after their business right here in Monitor. Why should we boost these towns where the mail-order houses are, and let our own village go into the discard through deliberate action on our part? It isn't necessary. Here are

Ten Good Reasons Why You Should Support Your home Merchant

- 1—Your home merchant can duplicate prices made by any responsible concern anywhere on goods of equal quality in the quantities on the same basis of delivery and payment.
- 2—You can examine your purchases in the home store and be assured of satisfaction before investing your money.
- 3—Your home merchant is always willing and ready to make good any error or defective article purchased.
- 4—Your home merchant helps to support through direct or indirect taxation, your schools, churches and many other public institutions.
- 5—Your home merchant helps to make a good local market for everything you have to sell and that market, more than any other market, gives your land its present value.
- 6—Your home merchant is your friend ever ready to extend a helping hand in time of need if you but do your part.
- 7—If this country is good enough for you to live in and make money in, it's good enough to spend it in.

8—The best citizens in this country are those who believe in and practise home patronage. Be one of the best.

9—The merchant in the distant city gives you nothing without cash, and he will not and cannot do for you many things the local merchant will gladly do. Is this not true?

10—Every dollar kept in circulation in this community helps increase property values, every dollar sent out hinders the wheels of progress and helps some other community at your expense. Is this not too true?

Now citizens, this hasn't been inserted by a merchant as an advertisement. The above are statements of cold business facts. Think them over, and place your business where you can do yourself, the most good, do your neighbor the most good and do the community the most good. Why not try it?

We have been asked to suit reply to the very objectionable "bit O' verse" that appeared in a recent issue of the Altario Arrow which contained beside deliberate slander of this weekly some very insulting remarks concerning some of our respected citizens, and some criticism of the way in which Monitor sold her Victory Bonds.

It is beneath our dignity to reply after all, no one has ever seen a rose grow from a lemon pip.

The Church And Its Work

By The Rev. W. S. Wickenden.
B. A., L. Th. Rural Dean

The Second Coming of Christ Our Lord Jesus Christ and His Apostles had great emphasis on His Second Coming. Throughout His Ministry many of His addresses and parables directed the minds of His hearers to the glorious Kingdom of righteousness to be set up when our Lord returns. For thus He taught His disciples to pray "Thy Kingdom Come." The great reason for the Institution of the Lords Supper was that it should be a continual remembrance of Christ's death until His coming again.

The hope which has sustained Christ's disciples in every age is His promise to return.

Into His Kingdom can come "nothing that defileth nor maketh a lie." Only those who are forgiven and cleansed can inherit a share in His Kingdom. Reader are you a forgiven sinner? Are you looking for His appearing? If so take courage and go forward.

MORTGAGE SALE OF FARM PROPERTY NEAR MONITOR, ALBERTA

Pursuant to the directions of the Registrar of the North Alberta Land Registration District there will be offered for sale by Cramie and Harris, at the Monitor Hotel, in the TOWN OF MONITOR, in the Province of Alberta, on

SATURDAY, 13th day of December, 1919

at the hour of 2 o'clock, in the afternoon the following lands, namely: South-West Quarter of Section Twenty-Two (22) Township Thirty-Two (32) Range (5) West of the Fourth Meridian, in the Province of Alberta, containing by admeasurement One Hundred and Sixty (160) Acres, more or less, reserving unto His Majesty all mines and minerals.

THE VENDORS are informed that there are 160 acres of land, of which 160 acres are good arable land. The soil on the said property is chocolate loam with clay subsoil averaging approximately twenty-four (24) inches in depth. The property is watered by two miles. The nearest railway station to the said property is Monitor, a distance of 19 miles. The said property is situated in a settlement of English speaking people. The property is situated One mile from a Church and one mile from a School.

THERE are the following buildings on the said property: House 12 X 16 8 feet high, lumber, shingle roof; Granary 12 X 16. 8 ft high, lumber, rubberoid roof; Barn 16 X 32, 12 feet high, lumber, chicken board roof. There are One Hundred Acres of land under cultivation on the said property this year.

THE PROPERTY will be sold subject to a reserve bid, and free from all encumbrances, save the reservations contained in the original grant from the Crown, and in the existing Certificate of Title appearing, and taxes from date of sale. Terms of payment will be twenty (20) per cent. cash on the date of sale, and the balance of the purchase money to be paid to Messrs. Griesbach, O'Connor & Company within Sixty (60) days thereafter without interest, in the alternative the purchaser to give a mortgage for \$200.00, repayable in Five equal annual instalments with interest at Eight (8) per cent. per annum, and the remainder of the balance within Thirty (30) days without interest.

OTHER TERMS and conditions and further particulars may be had from Messrs. Griesbach, O'Connor and Company, Solicitors, 10072 Jasper Avenue, Edmonton, Alberta.

GRIESBACH, O'CONNOR and Coy.

Timely Words of Warning and Advice

The addresses which Hon. T. A. Crerar, former minister of agriculture and prospective leader of the new farmers' party, recently delivered at a number of places in the West have a greater value and importance at this particular time than usually attaches to speeches from the political platform, and they are fully deserving of the attention which has been devoted to them, not only by the press, but the public generally.

The avowed object of this series of addresses by Mr. Crerar was to outline to the people of the cities of the West the main principles of the New National Policy promulgated by the Canadian Council of Agriculture, the policies in support of which the farmers are uniting irrespective of former party affiliations and to invite the support of all classes, in city as well as country, who believe in the principles and policies enunciated in that Platform.

It is altogether probable that Mr. Crerar's series of meetings was also prompted by the fact that in the Cochrane by-election in Alberta Mr. Wood, the U.F.A. leader in that province, took the ground that the farmers' political movement was a distinctly "class" movement, and that he advocated other groups and classes organizing along similar "class" lines. This is in direct opposition to the policy of the Canadian Council of Agriculture and the leaders of the farmers' movement in Saskatchewan and Manitoba. The Grain Growers' Guide made haste to repudiate the views advocated by Mr. Wood, and Mr. Crerar in all his speeches was at great pains to impress upon his hearers the fact that the promoters of the New National Policy, so far from encouraging a "class" movement, were openly and strongly opposed to such a course.

Apart, however, from their primary object in explaining the New National Policy to the people of urban centres throughout the West, the speeches of Mr. Crerar served a truly national service in that he gave utterance to timely words of warning and advice, addressed particularly to the farmers, but which have a much wider application. Quoting from a verbatim report of his speech at Regina, we find Mr. Crerar saying: "In these changing times a great responsibility rests on the organized farmers of Canada. It rests on you because from the very accident of circumstances these things you hold dear are being discussed from one end of Canada to the other. It is a time when reason should guide your actions and course in every way. If you do not, and you are animated by impulse alone, this splendid edifice you have reared and the opportunity that lies ahead of you will be largely lost."

"I have observed in some quarters what I would term fair weather Grain Growers coming to the front. By that I mean not those who have stood the heat and burden of the fight for ten years, but men who stood aside and let the fight go on, and now when they see the tide turning and running strong, want to throw their lot in with us. I have no fault to find with it. You will not find your truest and best counsellors among such men. If you did you would have found them in the movement at the first."

"These words of warning and advice apply to more people than the farmers. There is a tendency, in the

present world unrest and upheaval, for people in all walks of life to break away from the true and tried methods and leaders of the past and turn to something new. Changed conditions from what have prevailed in the past are admittedly necessary. This is recognized on all sides, but the dangers in the apparent willingness of many people to thoughtlessly seize upon anything new, and of running to extremes. As Mr. Crerar declared in another portion of his speech, this is a time above all others for all people to be reasonable, and to be guided by reason and not impulse.

The danger against which Mr. Crerar warns people to be on guard probably has found its greatest and most tragic expression in the ranks of organized labor, where large groups of men showed a willingness to desert their former leaders, and to follow great international craft unions, and follow ultra-socialistic, even anarchistic, leaders and their will-o'-the-wisp nostrum of the One Big Union. Here in the West organized labor came very close to destroying itself. It largely alienated the support of all reasonable men and women, and has created a division in its own ranks which it will take a long time to overcome.

If Canada is to grow great and prosper there must be neither distinctly "class" nor "sectional" groupings in this Dominion. "Classes" and "groups" as such may very properly carry on educational propaganda with a view to convincing the people as a whole that they are right, and when they succeed in so convincing them, their views will find concrete expression in the laws of the land. But the attempt to pass "class" legislation can only end in disaster, hinder the development and prosperity of the Dominion, and lead to turmoil, trouble and possibly open strife.

The crying need of Canada is greater unity among all classes, races, creeds and sections—not further revision into "groups." Out of the common sacrifices of the Great War there should develop a broad and strong Canadian national spirit. Patriotic Canadians everywhere should set their faces sternly against the creation of further class distinctions, and should seek to encourage the idea of all joining hands in a national cause based on sound principles and designed to accord full freedom, justice and equality to all.

Women ought to make good legislators. Many a man can testify that a woman's word is law.

The man who repairs watches doesn't complain of working overtime.

Heals Inflamed Nostrils—Stops Catarrhal Discharge, Cures Colds Quickly

Poor remedies have given Catarrh the reputation of being incurable. But it is curable, easily and quickly, if the right method is employed. Snuffing a powder or ointment up the nose won't cure Catarrh, neither will tablets, douching or stomach medicines cure it. These treatments fail because they only affect local conditions, they do not remove the cause, which is germ life established in the lungs, bronchial tubes, and nasal passages. Ordinary remedies do not reach these remote parts, but Catarrhoxone does, for it is breathed through the inhaler into every air cell in the lungs, into every air passage in the head and throat. No matter where the Catarrh is, a Catarrhoxone will reach it. It kills the germs, heals sore spots, clears the nose and throat instantly. Universally used; pleasant and clean; guaranteed to cure or money refunded.

Don't be an object of aversion to everyone you meet—get Catarrhoxone today and use it regularly; if the right method is employed, Throat Trouble, spitting and gagging, Large size lasts two months, price \$1.00; smaller size, 50c; sample size, 25c; at all dealers.

Got Him Wrong

Swine fever had broken out in the village, and the local policeman had been appointed to call upon all owners of pigs and take particulars of each case.

Rapping at the door of an old cottage, he was confronted by a shrewish looking woman, who curtly asked him what he wanted.

"A've called to see this swine," said the constable.

"He's out," snappily replied the woman, and banged the door.

More than 60 yrs. ago
an English chemist began to manufacture **BEECHAM'S PILLS**. Today they have the largest sale of any medicine in the world!

Why?

Beecham's Pills

Sold everywhere in Canada. In boxes, 25c, 50c.

Ouch

Probably the longest word in the English language is, antidisestablishmentarianism. It is a word not found in most American dictionaries, but is sometimes used in Great Britain to refer to the principles or policy of those who are opposed to the disestablishment of the Church of England.

GET SLOAN'S FOR YOUR PAIN RELIEF

You don't have to rub it in to get quick, comforting relief

Once you've tried it on that stiff joint, sore muscle, sciatic pain, rheumatic twinge, lame back, you'll find a warm, soothing relief you'll never thought a liniment could produce. Won't stain the skin, leaves no marks, wastes no time in applying, sure to give quick results. A large bottle means economy. Your own or any other druggist has it. Get it today. 35c, 70c, \$1.40. Made in Canada.

Sloan's Liniment
Keep it handy

When a man has no more money to burn his old flames soon desert him.

All mothers can put away anxiety regarding their suffering children when they have Mother Graves' Worm Exterminator to give relief. Its effects are sure and lasting.

A wise man shuts his eyes when he looks at a woman's faults.

Minard's Liniment Cures Distemper.

Conscience doesn't make cowards of literary romancers.

Has a Corn Any Roots?

Yes, and branches and stems as well. Can it be cured? Yes, by applying Putnam's Corn Extractor; it's painless, safe and invariably satisfactory. Insist on only Putnam's Extractor, 25c at all dealers.

Facts About Our Country

Has a Population Averaging Less Than One Man to the Square Mile

The area of Canada is 3,729,665 square miles. Population 8,500,000.

Compared with the United States, Canada is greater in size than the United States, including Alaska, but has a population less than that in the three cities of New York, Chicago and Philadelphia.

One half of Canadians live in towns. The produce of farms, forests, mines and fisheries are the output of a population averaging less than one man to the square mile.

The total area of land fit for tillage is estimated at 302,200,000 acres. In 1918, only one-sixth of this land (51,427,190 acres) was under crop.

Of the 179,000,000 acres fit to farm in the 454,000,000 acres comprised in Manitoba, Saskatchewan and Alberta, but 26,000,000 are under crop and 25,000,000 under livestock. There is room for settlers on 128,000,000 acres surveyed farm lands, including 25,000,000 still open for homestead entry.

Prize Shorthorn Cattle Change Hands

Sale Held By the Western Canada Shorthorn Breeders' Club at Brandon

One hundred and two Shorthorn cattle brought a total of \$31,985 at the second annual sale held by the Western Canada Shorthorn Breeders' Club at Brandon, Manitoba, recently. The average price for females was about \$487 and \$810 for bulls. The highest priced animal was Lavender 47th, sold by John Barron, Carberry, Manitoba, to C. G. Beeching, of De Winton, Alberta; the price being \$5,000. A few hours after Mr. Beeching had purchased this heifer he was offered \$8,000 for the same animal—an increase of \$3,000 on his bargain. Mr. Beeching, however, declined this offer, stating that he did not want to sell but intended showing the heifer at the Chicago Livestock show. Star of Hope, judged grand champion at Brandon and Saskatoon summer fairs, was sold for \$2,500 to M. L. Nelson, of Midale, Sask.

There was a great rivalry between Canadian and American buyers for the best animals, Canadian stockbreeders wishing to retain such prize stock for the improvement of their own herds.

A man sometimes builds better than he knows, but the contractor on a political job is reasonably sure to know better than he builds.

CHILDHOOD CONSTIPATION

Constipation is one of the most common ailments of babyhood and childhood and unless it is promptly cured will undoubtedly lead to disastrous results. To cure this trouble nothing can equal Baby's Own Tablets. They are a mild laxative which instantly regulate the bowels and sweeten the stomach, thus banishing constipation, colic, colds, etc. Concerning them Mrs. Eugene Vaillancourt, St. Mathieu, Que., writes: "When my baby was constipated I gave her Baby's Own Tablets and am well satisfied with the result. I would strongly recommend them to all mothers for this trouble." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

New Variety

"Mamma, I want a dark breakfast" "Dark breakfast? What do you mean, child?"

"Why, last night you told Mary to give me a light supper, and I didn't like it."

Miller's Worm Powders will purge the stomach and intestines of worms so effectively and so easily and painlessly that the most delicate stomach will not feel any inconvenience from their action. They recommend themselves to mothers as a preparation that will restore strength and vigor to their children and protect them from the debilitating effects which result from the depredations of worms.

Canada's Work For Soldiers

An army of soldiers trained thoroughly in the arts of peace constitutes part of Canada's reconstruction program, and she is now fitting 19,290 disabled soldiers for the duties of civilian life. Col. Hugh Clark, M. P., parliamentary secretary, says that an investment of \$57,000,000 for the fiscal year, which makes it possible to offer a seven months' course in vocational training to these men; is a national investment, since it encourages the disabled soldiers to become producers, and restores their independence. During the training course they receive from \$50 to \$150 monthly.

To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and relieves the sore throat. E. W. GROVE'S signature on each box. 30c.

How U-Boats Were Trapped

One of the novel devices adopted by the British for the co-ordination of the efforts of trawlers and submarines has just been divulged. A trawler would drag a submarine by a cable and maintain communication with it by telephone. When the trawler sighted a German U-Boat the British submarine would slip its cable and attack the German boat before the surprised German could submerge or prepare to give fight.

Indians Get \$500,000

Indians in The Pas district have been paid more than \$500,000 for ratskins, receiving \$2 per skin this year. Hon. Edward Brown, Manitoba provincial treasurer, reports that business there has been exceptionally good during this season, and a feeling of hopefulness and anticipation is awaiting the report of the engineers who have been inspecting the Flin Flon property.

Do It Now.—Disorders of the digestive apparatus should be dealt with at once before complications arise that may be difficult to cope with. The surest remedy to this end and one that is within reach of all, is Parmelee's Vegetable Pills, the best laxative and sedative on the market. Do not delay, but try them now. One trial will convince anyone that they are the best stomach regulator that can be got.

"My poor man," said the sympathetic prison visitor, "do let me send you some cake?"

"Thank you mum, that would suit me fine."

"What kind would you prefer?"

"Any kind, mum," said the prisoner, lowering his voice to a whisper, "just so it's got a file in it."

THE TREASURE OF GOOD HEALTH

Easily Maintained Through the Use of Dr. Williams' Pink Pills

There is not a nook or corner in Canada, in the cities, the towns, the villages, on the farms and in the mines and lumber camps, where Dr. Williams' Pink Pills have not been used, and from one end of the country to the other they have brought back to bread-winners, their wives and families the splendid treasure of new health and strength.

You have only to ask your neighbors, and they can tell you of some rheumatic or nerve-shattered man, once suffering, youth or anaemic girl who owes present health and strength to Dr. Williams' Pink Pills. For more than a quarter of a century these pills have been known not only in Canada, but throughout all the world, as a reliable tonic, blood-making medicine.

The wonderful success of Dr. Williams' Pink Pills is due to the fact that they go right to the root of the disease in the blood, and by making the vital fluid rich and red strengthen every organ and every nerve, thus driving out disease and pain, and making weak, despondent people bright, active and strong. Mr. W. T. Johnson, one of the best known and most highly esteemed men in Lunenburg County, N.S., says:—"I am a Provincial Land Surveyor, and I am exposed for the greater part of the year to very hard work, travelling through the forests by day and camping out by night, and I find the only thing that will keep me up to the mark is Dr. Williams' Pink Pills. When I leave home for a trip in the woods I am as interested in having my supply of pills as provisions, and on each occasion I take them regularly. The result is I am always fit, I never take cold, and can digest all kinds of food such as we have to put up with in the woods. Having proved the value of Dr. Williams' Pink Pills, as a tonic and healthy builder, I am never without them, and I lose no opportunity in recommending them to weak people whom I meet."

"Dr. Williams' Pink Pills should be kept in every home; and their occasional use will keep the blood pure and ward off illness. You can get these pills through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont."

Work of British Prisoners.—Sherwood Eddy, secretary for Asia for the Y.M.C.A., speaking in Chicago recently on his return from Asia and the Near East, said of the unrest in Egypt that they had there the catchwords of democracy but that they had had more good government and good water supply under the British and General Allenby in the last 12 months than in the last 12 centuries. He commended the British for giving liberty and religious toleration and expressed surprise that other nations had not learned that Britain did this.

New Branch Line for B.C.—A contract has been let to the Foundation Company, at Victoria for the construction of the extension of the C.N.R. from Alberni to Great Central Lake. With the completion of the line great timber tracts in the vicinity of the lake will be tapped. It is expected that the line will be finished by July, 1920.

Silver Lead Mine to Be Opened

Hope, on the Kettle Valley line, is making a bid for development. Its railway, lumbering and mining activities are producing a payroll of \$20,000. The Eureka silver lead mine, one of the earliest discovered mines, is to be operated. A considerable amount of work has been carried out during the year.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

On the 21st of this month of corn talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freecore when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says freecore is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freecore will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

If manners make the man, that explains the midwife condition of some men.

FOR GREATER HORSE EFFICIENCY GIVE SPOHN'S DISTEMPER COMPOUND

The rig and change of winter weather reduce your horse's vitality. In such condition, he is susceptible to contagious diseases. His efficiency is lowered if his system is any able to withstand exposure to disease. SPOHN'S will keep your horse in condition and free from disease. Prevents and relieves DISTEMPER, INFLUENZA, PINK EYE, COUGHS and COLDS. Buy from your druggist.

SPOHN MEDICAL COMPANY, GOSHEN, INDIANA, U.S.A.

A Busy Logging

Season in B. C.

The mill of the Femic Lumber Co. has been sold to a Spokane firm, O'Neill & Irvine, who are putting the plant in first-class shape and intend cutting heavily in the spring. The timber outlook is very favorable all over the district. Men and horses are being secured in large numbers, and the logging this winter will be very heavy.

Another Epidemic OF THE SPANISH INFLUENZA

A great many authorities have predicted a return of that terrible plague which swept Canada from one end to the other not long ago and left so many deaths in its wake, and those who did survive were left in a great many cases with some serious after-effects, such as weak heart, shattered nerves, impoverished blood and a general weakened and exhausted condition of the system.

If you are run down, heart not just right, nerves a little shaky, take a few boxes of Milburn's Heart and Nerve Pills and fortify the system against this terrible plague.

If you had the "flu" before and it left you with any bad after effect, Milburn's Heart and Nerve Pills will bring you back to health and strength.

Mrs. C. C. Palmer, Keppel, Sask., writes: "I wish to inform you of the great good Milburn's Heart and Nerve Pills did for me. After a bad attack of the Spanish influenza my heart and nerves were left in a very bad condition. I got two boxes of your pills and must say they are the best I ever used, and I have taken a great many different kinds. I will always keep Heart and Nerve Pills in the house as a preventive."

Price 50c a box at all dealers or mailed direct on receipt of price by The Milburn Co., Limited, Toronto, Ont.

"And you tell me several men proposed marriage to you?" he said, savagely.

"Yes several," the wife replied.

"Well, I only wish you had married the first fool who proposed."

"I did."

Alien Population in Holland

According to the Central Bureau for Statistics, the number of aliens in Holland has steadily increased since June 20. On that date the number of aliens in the country totalled 117,887; on August 20 this figure had risen to 126,794, and on September 20 to 133,536. Of these, Belgians were in the majority, namely 48,124, then came Germans, 45,795, French 9,111, and British 3,198.

\$100 Reward, \$100

Catarh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the Mucous Surfaces of the System. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work. \$100.00 for any case of Catarh that HALL'S CATARRH MEDICINE fails to cure. Druggists 75c. Testimonials free. J. J. Chesney & Co., Toledo, Ohio.

Notice to Creditors and Claimants

IN THE ESTATE OF WILLIAM COHOLE, late of the Post office of Compuer, in the Province of Alberta, Farmer, Deceased.

NOTICE is hereby given that all persons having claims upon the estate of the late William Cohole, who died on or about the fifth day of July 1919, at near the said post-office, are required to send to the undersigned solicitor for the Executrix of the Estate by the 31st Day of December, A.D. 1919, a full statement, duly verified, of their claims and any securities held by them, and after that date the Executrix will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been filed or brought to her knowledge.

DATED this 21st day of November, A.D. 1919.

R. M. LEE,

Solicitor for the Executrix
Provost, Alberta, 51-2

Shameless.
"I fear Githers is a political trickster."
"His conscience doesn't seem to bother him any."
"Probably not."
"At least, he has no objections to being known as a practical man."

Couldn't Stand It.
Mr. Speeden—Do you know what economy is?
Mrs. Speeden—Horace, where on earth did you hear such a vulgar expression? Don't ever let me hear that word again. It gave me quite a shock!

Too Young for a Name.
"Name, please," asked Fred B. Akin, deputy city controller, of a colored woman who was getting a dog license.
"Why, I haven't named him yet," answered the woman. "He's only a pup."

Very Unusual.
"A strong-minded woman, but very unusual. When she gives a party, be here or not—"
"Well?"
"She only invites people she likes."

Great Practice.
"Where did you learn such a curve?"
"Throwing paper wads around a girl's head to reach a boy sitting two seats in front."

Ice Cream Soda Water Ice Cream Cones

Finland and Australia.

Finland has discovered Australia, and it is hoped that the Commonwealth will soon recognize commercially the enterprising new republic. Trade relations with Australia are being sought, and Finland will be glad to exchange cream separators and safety matches, paper pulp and timber for a little of Australia's surplus meat and wheat. The consul of the new republic has established his headquarters in Sydney, New South Wales, and has already obtained excellent publicity in the shape of news interviews. Finland must surely have been studying American methods of production.

"I understand Mrs. Twobbble and Mrs. Gadspur have had a falling out."
"Alas, yes."
"Is it serious?"
"I fear so. Mrs. Twobbble makes the charge that when Mrs. Gadspur borrowed a quarter of a pound of butter she returned an inferior brand."

The Speedyship.
You have to race as you have enough. And should you so the race. You'll surely find the same old road. Leads to the same old place.

Farmers May Profit By U. S. Market

Winnipeg.—With the lifting of the United States import embargo on wheat, which will become effective December 15, Canadian farmers will have the right to expect that when they receive final payments for their wheat sold to the Canadian wheat board, there will be a substantial increase over the guaranteed price of \$2.15, basis Port William.

During the past few days No. 1 dark northern wheat, which is practically on a par with Canadian No. 1 northern, has been selling at Minneapolis from \$3.20 to \$3.25, which is over one dollar more than our guaranteed price. If Canadian wheat is permitted by the Dominion Government to enter the United States by the carload, it is hardly to be expected that the high prices now prevailing for hard spring wheat will continue, but undoubtedly the Canadian wheat board will be able to realize a substantial profit on every bushel sold on the United States market.

Little information can be gathered from officials of the Canadian wheat board as to whether the government will attempt to take advantage of the high prices now prevailing at Minneapolis, Chicago, and other United States markets. James Stewart, chairman of the Canadian wheat board, states that the high prices being quoted in the United States were really fictitious and were only created by a shortage in the United States of hard wheat, which the millers needed for the making of their patent flour. This demand, in the opinion of Mr. Stewart, was very limited, and any large quantity of this grade of wheat appearing on the markets would have the effect of immediately sending prices downward, perhaps to the level of the United States government's guarantee of \$2.26.

At the present time the wheat situation is obscure. The opinion generally held is that the wheat board is behind with its European contracts, and that for the present no wheat will be available for sale in the United States.

While the board is bound to sell the wheat that they have taken from the Canadian farmers where the highest prices can be obtained, the contracts already entered into with European countries will have to be protected.

Will Dispense With Show

Simple Ceremony to Mark Inauguration of Farmers Labor Regime in Ontario

Toronto.—The pomp and display which age-old customs have fastened upon the ceremony that marks the opening of the Ontario legislature are to be gone away with by the United Farmers labor government.

At the present season of the legislature most of the time and show, and the atmosphere of social exclusiveness which in the past has been characteristic of the ceremony attendant upon the opening day of the house will be discarded. Instead, a simpler ceremony, which in the judgment of the government will be more in keeping with the democratic ideals of the people of this province, will mark the first session of each legislature.

When the house first meets in February, the booming of cannon, the attendance of governor and officials in general in court uniforms on other days, the presence of a throng of officers in military regalia, and of women in jewels and in evening dress, will be lacking. The occasion will be simple and unostentatious.

In comparison with the glory, pompousness and formality of former years, it will be markedly sober.

Mine Explosion Kills Six

Clinton, Ind.—Six men were killed by an explosion in Bogie coal mine No. 3, at Jacksonville, five miles west of Clinton. Three others were seriously injured. The cause of the explosion has not been determined. Officers of the company and officials of the mine were among the killed.

Must Return to Farms

One Man on the Land Worth Twelve in Town

Beaverton.—One man on the land is worth a dozen in other jobs, so John Kennedy, vice-president of the Manitoba Grain Growers, told the audience at the nomination meeting here, when Robert Henry Halbert, U.F.O. Uxbridge, and Neil D. MacKinnon, Unionist, Cannington, were nominated to contest in the federal election of December 9 the constituency of North Ontario, left vacant by the death of Col. Sam Sharpe. Mr. Kennedy told the audience that independent political action was the watchword and the keynote.

"The light is in the window, the latch string hangs outside, and the workers of Canada are welcomed therein. If Canada is to be saved, Canada must get more men on the land," he asserted. To get men on the land and to keep them there was the great task facing Canadians—facing not the farmers alone, but all classes. For the past forty years he said they had never received any important legislation that tended to improve conditions for agriculture. He turned his guns on the tariff and said if the present method of taxation was not changed it might not be so very long before English-speaking people in Canada were in the minority. The annual tariff tax was costing Canadians close to \$750,000,000, about \$20 a head and about seven times what it cost in the U.S. Indeed, taxation cost the farmer \$300 a year for federal purposes, and the working man \$100 a year, was his argument.

"I make the statement that the man who works land is worth twelve men in any other occupation," he added.

Villa Captured By Own Men

Will Be Turned Over to Carranza on Payment of Reward

Juarez.—Francisco Villa has been captured by a force of his own men and is being held for a reward from the Mexican government, according to advices received here by Superintendent Caball, of the Chihuahua division of the National railways in Mexico.

Two Villa rebels are reported to have presented themselves at federal headquarters at Parral and notified the commander there that Villa had been captured and was being held for surrender to the Carranza forces.

The state of Chihuahua has already offered 50,000 pesos as a reward.

A Nerve Pair

Inland Revenue Officials Found Still in Premises Owned by W.C.T.U.

Toronto.—Inland revenue officials found a modern still, fully equipped and ready for business when they invaded premises near Willard Hall owned by the Women's Christian Temperance Union. William Long, the tenant, stated that the room in which the still was found was occupied by two Italians, whose names he did not know.

W.C.T.U. officers stated they had no knowledge that the building had been used for illicit liquor trafficking.

Hand Funds to St. Dunstan's

London.—William E. Johnston, the American anti-saloon organizer, for whom the Evening News opened a testimonial because of injuries received in a recent "ragging" by the students, has written to the paper asking that the money thus raised be sent to St. Dunstan's hospital for the blind. Mr. Johnston, whose eye was removed a few days ago, is progressing satisfactorily and will leave the nursing home tomorrow.

Wants Recount

Winnipeg.—Ald. E. H. Hamlin, representative of Ward 6, declared defeated by J. Blumenberg in the civic elections, has formally asked for a recount. The vote stood: Blumenberg (Labor), 2,149; Hamlin (Citizens), 2,039; Kaplonovitch (Ind.), 74; spoiled ballots, 69.

Germany Refuses To Sign Protocol

Delay of U.S. Said to Have Caused Change in People's Opinion

Paris.—Germany has decided not to sign the protocol presented her by the allies as a condition for putting the peace treaty into effect, the peace conference has been notified.

It was learned that Baron Kurt Von Lersner, head of the German delegation here, called on Secretary Dugasta of the conference, and told him that Germany had made such a decision.

This attitude is taken as confirming the reports of a sharp reaction in Germany within the last fortnight. Trained observers of German developments have expressed to members of the peace conference the view that there has been a complete transformation of the situation in Germany, brought about, in their opinion, by the failure of the U.S. senate to ratify the treaty.

These observers declare that while the vast majority of the Germans, before the senate's adjournment desired the peace treaty ratified as soon as possible, they are now supporting the government's attitude in resisting the demands of the allies for indemnity for the sinking of the German fleet at Scapa Flow, recompense for which was provided for in the protocol.

The question upon which the German representatives here, however, appear most serious is the insistence upon the trial of the German officers accused of the commission of crimes in France and Belgium.

Thus far, it is stated, no indications have reached Paris of any disposition on the part of the Germans to modify their attitude.

Requests Wilson to Break With Mexico

Fifty Million Dollars For Soldiers' Settlement

Large Sum Expended in Getting Veterans on the Land

Ottawa, Ont.—The Soldier Settlement Board has gone over the fifty-million mark in loans to returned soldiers settling on the land. The returns are completed to November 15, and show a grand total of \$50,699,003. The number of loans approved is 16,175, and the average loan \$2,134.

Advances were made for the following purposes: Land purchases: Amount of purchase, \$28,125,250; improvements, \$4,528,325; stock and improvement of equipment, \$10,336,537; total, \$41,990,122.

On Dominion lands: Improvement, \$1,375,173; stock and equipment, \$3,882,627; total, \$5,257,800.

On land owned by settlers: Encumbrances, \$1,726,679; improvement, \$583,294; stock and equipment, \$1,141,118; total, \$3,451,091.

Grand total: \$50,699,003.

German Firms Repairing Ships

London.—Percy Hurd asked under what circumstances the repair of 33 German ships interned in South American waters was given to German firms instead of Canadian. Colonel Wilson replied that boats could not be properly repaired on the spot and were towed to German yards for repairs, the cost being met by Germany. He denied that the method would involve years of delay.

Washington.—President Wilson was requested in a resolution introduced in the senate to sever diplomatic relations with Mexico.

The resolution was offered by Senator Fall, Republican, of New Mexico, who, as chairman of a sub-committee investigating the Mexican situation, declared evidence had been found which "would astound the world."

It was also asked that the President withdraw recognition of the Carranza government.

Senator Fall boldly charged that the Mexican embassy, the consuls-general in New York and San Francisco, and the consulates along the border, with the knowledge and consent of President Carranza, had been actively engaged in the spreading of Bolshevik propaganda in the United States. Evidence, it was said, would be forthcoming to bear out the charge.

This resolution, which was sent to the Foreign Relations Committee of the senate for ratification, has an important bearing on the whole Mexican problem which is admittedly grave on account of the refusal of the Carranza administration to release Consular Agent Jenkins from the penitentiary at Pueblo, will be put before congress.

50,000 Idle

Madrid.—The number of workmen idle in Barcelona through the strike has increased to 50,000, according to dispatches received here.

EASING UP

The earth has delivered her bounty—provided for her own. Contented, she sleeps the winter months.

SAFETY RAZOR

plays its part in the war-hearted social life of the country and in the more formal functions of the city. Wherever a particularly clean shave is demanded Gillette service is commissioned.

Gillette Service means shaving comfort, No Stropping—No Honing, the elimination of the unnecessary, the saving of time.

\$5.00 at dealers everywhere.

MADE IN CANADA

TRADE-MARK Gillette

KNOWN THE WORLD OVER

The Gillette Safety Razor makes a very acceptable and serviceable Christmas gift. You get the full, pre-war value for every dollar you spend on it.

THE SISTER'S FAITH

FORD will bring them back

The following appeared a short time ago in the "State Register" of Springfield, Illinois.

Many are the stories of Henry Ford and his popular automobile, but Hillsboro is relating what it calls the best of the season, and the facts in this case are true. It happened in one of the leading churches of the city that the pastor took for the text of his sermon, "Better Church Attendance."

The Pastor held that the automobile has taken more people away from Church than any other thing. He concluded with the exclamation: "The Ford Car has taken more people to hell than any other thing I can mention." Whereupon an old lady in the congregation began to clap her hands and moan: "Praise the Lord! Praise the Lord!"

"What's the matter, sister?" asked the pastor.

"The Ford never went any place it couldn't make the round trip, and I am sure all those people in hell will be back," she answered, so Praise the Lord.

The Monitor Garage wishes to add to this story "BUY A FORD AND BUY IT NOW." We are now able for the first time in many moons, to make prompt delivery, but we are sure that it will only be for a short time, when the demand will exceed the output. If there any season of the year you need a Ford, it is now. Thru Rain, Snow, Mud, Sunshine or Hell, if any car will bring you back it is a FORD. See us at once and place your order.

Creek Valley News

The School will have their breaking up social and entertainment on Friday afternoon Dec. 19th. Every pupil in the school will have some little item to do and it is very desirable that at least every parent and as many of the ratepayers should attend to support and encourage the children in their efforts. The childrens program will start at 2 p.m. prompt and as there are no outdoor sports this time some hot cocoa etc will be served after the event. Ladies please bring cakes as usual but your attendance is of more importance. Mrs. Harland Grayburn will be in charge of the refreshments. Chairman Harland Grayburn will preside. The Basin Lake School children have been invited to attend, as that school has not progressed sufficiently in English yet, to provide an entertainment of their own.

The New York Herald on Sunday December 7th will publish in its Magazine Section an article on: "Canada's Need of Agricultural Products"

This article will show how the farming provinces of the Dominion are encouraging returned soldier and immigrants to settle on their lands and how Canada is looking to the United States in particular, to satisfy the western demand for "farmers and men"

This article will quote in this connection the opinion of Colonel J. S. Dennis, Chief Commissioner of the Colonization and Development Department of the Canadian Pacific Railroad and former Deputy Minister of Public Works in the Dominion.

It will also show Canada's fears of the agricultural rivalry and the attraction to immigrants of a stabilized Siberia which may, with the opening up of its vast resources, become the colonization center of the world!

IS BIG SUCCESS

LOCAL ITEMS

The regular meeting of the O. N. O. Girls Club will be held on Wednesday 17th at Mrs. Hayes A musical programme. All members are requested to be present.

E. B. Purdy left on Monday for the coast, where he will spend the winter months.

Mrs. Thompson left on Monday morning for Moose Jaw, Sask. at which point she will spend a few weeks with friends.

The Hard Time Dance, given by the Monitor Citizens Band, was the greatest social success held in Monitor for many moons. There were fully two hundred "people" present, all decked out in their hard time costumes. Apparently everyone enjoyed themselves, and when 3.30 a.m. came, the boys were just about "blowed out" but the crowd held together and hollered for more so the dance finally wound up just a little ahead of the sun. A jolly good-time was the verdict given by all present.

The Band wish to thank the O. N. O. Club and other ladies who so kindly assisted with the refreshments, etc.
